ATTENTION RESIDENTS OF BOROUGH OF OSBORNE

Home Pickup Program for Household Hazardous Waste Appointments Begin January, 2012

As part of the residential solid waste and recycling contract with Waste Management, you will have a convenient new opportunity to dispose of your Household Hazardous Waste (HHW) safely, easily and responsibly. Introducing **At Your Door Special CollectionSM**, a new residential service offered by WM to provide year-round HHW collections for you.

See chart of types of waste collected on the reverse page.

HOW DOES IT WORK?

1. To participate, you must contact the Call Center (1-800-449-7587) to set up a collection appointment.

The Call Center operators will guide you through the steps toward a safe and successful collection. You will be asked several questions, including your address and the type and amount of materials available for collection. You will be provided a convenient collection date and information about where to place the HHW kit for collection. A kit will be sent to your home in plenty of time for you to gather and pack your materials.

2. Preparing for collection

The HHW kit includes a program instruction sheet and other items to help pack and secure household hazardous waste. All materials such as gasoline, poisons, pesticides and aerosols, must be placed into the kit. Other items may be placed outside the Kit.

3. HHW material is collected

On the scheduled date, the customer service technician will collect materials directly from your home. They will sort and pack the materials for proper transportation, recycling and disposal. Participants will receive a postage-paid survey card to complete and mail back to help track the program.

4. You have more material than will fit into the Kit?

Don't worry! Remember, this service is available year-round. Just schedule another collection! Small quantities may be combined with your neighbors. Our Call Center will be happy to explain your options.

The Call Center operators are available from
Monday - Friday 8:00 AM - 5:00 PM Eastern time.
Leave a message after hours, weekends and holidays.
You can also e-mail the Call Center: atyourdoor@wm.com.

THINK GREEN.®

At Your Door Special CollectionSM

This chart shows the typical materials we collect that must be placed inside the Kit for collection. Plus those items that may be placed outside the Kit.

MATERIAL THAT WILL NOT BE COLLECTED:

WE DO NOT COLLECT ammunition, medicine, explosives, asbestos, or any materials in unlabeled or leaking containers.

Examples of Acceptable Items that MUST be placed inside the Container		Items which may be placed OUTSIDE OF THE CONTAINER (Place no other waste outside the Container)	
		Material: ↓	Maximum Amount: ↓
Garden Chemicals	Thermometers	Auto Batteries	Up to 4
Solvent	Batteries	Fluorescent Bulbs	Up to 5
Oil-Base & Latex Paint	Metal Polish	Televisions	1 Each
Aerosols	Pool Chemicals	Computer Monitors	1 Each
Cleaners	Adhesives	Consumer Electronics with Circuit Boards	See Instructions sheet for details.
Antifreeze	Used Motor Oil	Sharps— placed into a sealed rigid plastic container (needles, lancets)	No consoles, lamps, appliances or exercise equipment, etc.
	Gasoline		

If you have questions about proper disposal methods for non-acceptable items, commercial chemicals or hazardous materials in containers larger than five gallons in size, please call the **Call Center (800) 449-7587**.
