

Glen Osborne Borough Council Committee Meeting (August 5, 2025, 7 pm) at Osborne Elementary School

Present: Josh Lambert, Jim Cohen, Bill Monski, John Orndorff, Greg Curran (by phone), Mary Scalercio (by phone).

Public Safety: (1.) Jim Cohen will negotiate an extension of the Police Contract with Chief Mazza and have a document ready for council approval in September. (2.) Jim Cohen will order no parking signs for Colonial Place and Osborne Lane and direct our public works contractor to install the signs and paint yellow lines along the curb where parking is not permitted.

Public Services: (1.) Mary Scalercio will contact Diane Vierling about a borough council party for late September or early October. (2.) Mary Scalercio expressed concern about the lights for decorating the evergreen by the Osborne Elementary School parking lot. Council discussed asking Brian Brown to take responsibility for purchasing the lights and insuring they remain functional throughout the holiday season.

Public Works: (1.) John Orndorff emailed Brian Brown a copy of the draft letter regarding leaf collection to be sent to borough residents in early fall. Bill Monski suggested posting signs announcing dates of leaf collection at key intersections in the borough and agreed to create and install such signs. Jim Cohen wants Brian Brown to provide an estimate of the cost for doing one borough-wide leaf collection; if the price is low enough, he proposed increasing the number of leaf collection days. Brian Brown will be present at the council meeting on August 19. (2.) Bids for repairing storm sewer inlets and relining Center Street sewer line (funded by the GEDTF 2024 Grant) are due August 15. Clint Reilly will recommend low bidder for borough council approval at council meeting on August 19. (3.) Solicitor Jewart is working with magistrate's office to allow internal inspection of 531 Sycamore Road. (4.) Jim Cohen and Bill Monski inspected the contents of the borough storage unit. Brian Brown agreed to provide storage for borough materials so borough will not need to rent storage unit. (5.) Glen Osborne Borough was able to purchase salt through the QVCOG, and Brian Brown has agreed to store the salt in an area designated for Glen Osborne Borough.

John Orndorff
